

AUDI DOOR LOCKS

General information as follows:

1. Key blank references are for the profile only, using one of the more well-known blank numbers. This list does not include all variations of different head shapes, lengths, or transponders, the main object is to identify which key profile enters the lock.
2. Identify which tumblers and keying kits to use according to the separate chart organized by the key blank numbers.
3. Note the following terminology:

“Lock Service Package” may come coded or uncoded and includes a face cap when applicable. In some cases a coded lock may be substituted for applications listed as uncoded, but an uncoded lock will never be substituted for an application listed as coded. The original pawl may need to be reused on some applications. A pawl may be included with the lock but it may not be the correct one for every application.

“Complete Lock” is a coded lock including the correct pawl for the listed application.

Items marked DWO are discontinued when out. The part numbers are listed for the benefit of those who already have stock.

4. Note also that there are some applications where it will not be possible to rekey to the original car key because either the tumblers or the lock with the exact keyway are no longer available. We try to provide as much as possible to at least get the car back in service for the owner even if matching the original key is not possible. Be sure to read all the way through the notes for information to help you do as much as possible to service your customer using parts that are still available.

IMPORTANT: RIGHT SIDE (RH) is the PASSENGER SIDE, LEFT SIDE (LH) is the DRIVER SIDE. If only one part number is listed, that part number can be used on either side.

Model	Years	Key	Part description	Part no.	Part description	Part no.	Notes
80,90	1988-92	X139	Complete lock and handle RH (black plastic)	D-12-125	Complete lock and handle LH (black plastic)	D-12-126	These handles are available in black plastic only. If the car has handles of the same color as the car, you can use all of the other parts in the original handle.
80,90	1993-96	X139	Uncoded plug RH	D-12-223 (DWO)	Uncoded plug LH	D-12-224	
100 series	1970-77	WT5	Replacement locks are available from Audi dealers only. Tumblers and other service parts are not available.				
100-200	1989-96	X139	Complete lock and handle RH (black plastic)	D-12-125	Complete lock and handle LH (black plastic)	D-12-126	These handles are available in black plastic only. If the car has handles of the same color as the car, you can use all of the other parts in the original handle.
4000	1980-87	X88 X139	Uncoded plug 1980-84	D-31-306	Uncoded plug 1985-87	D-12-221	Use tumbler series P-31-111/114
			Uncoded service pack door handle without lock cylinder RH	D-12-122	Uncoded service pack door handle without lock cylinder LH	D-12-123	Order D-31-306 or D-12-221 plug and assemble to original car key to make a complete door lock & handle
