

EAGLE REAR COMPARTMENT LOCKS

General information as follows:

1. Key blank references are for the profile only, using one of the more well-known blank numbers. This list does not include all variations of different head shapes, lengths, or transponders, the main object is to identify which key profile enters the lock.
2. Unless specified otherwise pawls are not included with replacement locks, the original pawls must be reused.
3. Items marked DWO are discontinued when out. The part numbers are listed for the benefit of those who already have stock.

Model	Years	Key	Part description	Part no.	Part description	Part no.	Notes
All - 4WD wagon & sedan	1981-88	RA4	Lock service pack	D-43-203	Use face cap P-43-203 Use tumbler series P-43-101/115 The original pawl must be reused

			Uncoded service pack black	TL6877U	Coded lock black	TL6877	
Vision LH	1998	Y160	Uncoded service pack	TL6550U	Coded lock	TL6550	Use tumbler series P-44-111/114
Vista			See Summit Wagon				

Which tumblers and keying kits to use:

The chart below lists which tumblers and keying kits to use according to which key blank the lock uses.

Chrysler is different from most other car manufacturers because locks using the same keyway may use different tumblers depending upon the code series and when it was manufactured. As such these tumbler references are correct only to the extent of information that is available to us.
