

# NISSAN (DATSUN) IGNITION LOCKS

## General information

1. Key blank references are for the profile only, using one of the more well-known blank numbers. This list does not include all variations of different head shapes, lengths, or transponders, the main object is to identify which key profile enters the lock.
2. Identify which tumblers and keying kits to use according to the separate chart organized by the key blank numbers.
3. Items marked DWO are discontinued when out. The part numbers are listed for the benefit of those who already have stock.
4. Nissan / Infiniti ignition locks have a casting number on the outside of the lock housing. There are many different minor variations in this range of locks, mostly in the electrical connections. In order to simplify the availability of replacement parts we have grouped the locks available from ASP by casting number. Future sales of complete locks will be the housing and cylinder of each casting number without electrical switch. Electrical switches will be sold separately whenever possible. Also cylinder repair kits will continue to be available whenever possible.

Casting number	Key	Part description	Part no.	Notes
AS51 automatic transmission	DA34	Complete lock	C-16-410	Use tumbler series P-16-181/184
AS51 manual transmission	DA34	Complete lock	C-16-409	Use tumbler series P-16-181/184
AS55 automatic transmission	DA34	Complete lock	C-16-412	Use tumbler series P-16-181/184
AS55 manual transmission	DA34	Complete lock	C-16-411	Use tumbler series P-16-181/184
KV71	DA25	Complete lock	C-16-401	Use tumbler series P-16-161/164
		Cylinder repair kit early models	C-16-127	Use tumbler series P-16-161/164 see illustration 
		Cylinder repair kit late models	C-16-134	Use tumbler series P-16-161/164 see illustration 
KV75	DA25	Complete lock	C-16-402	Use tumbler series P-16-161/164 Cylinder repair kit is not available, the plug from C-16-134 can be used in the original cylinder housing.
SK53	DA25	Complete lock	C-16-403	Cylinder repair kit previously available as C-16-126 (DWO) Use tumbler series P-16-161/164
		Uncoded plug only	C-16-301	
SK61	DA25	Complete lock	C-16-404	Use tumbler series P-16-161/164
		Cylinder repair kit	C-16-129	
SK63	DA25	Complete lock	C-16-405	Use tumbler series P-16-161/164
		Cylinder repair kit	C-16-129	
SK66	DA25	Complete lock	C-16-413	Use tumbler series P-16-161/164
		Cylinder repair kit	C-16-133 (DWO)	
SK67	DA25	Complete lock	C-16-407	Use tumbler series P-16-161/164
		Cylinder repair kit	C-16-133 (DWO)	
SK69	DA25	Complete lock	C-16-408	Use tumbler series P-16-161/164.
		Cylinder repair kit	C-16-133 (DWO)

# NISSAN (DATSUN) IGNITION LOCKS

## Tumbler springs:

Over the years we have sold tumbler springs under several different part numbers. As there are very minor differences between the springs used in most Japanese and Korean locks, we have consolidated the various springs as follows:

P-00-100 - currently active part number - 100 springs per pack

Part numbers previously used, now superseded to P-00-100

P-16-105	P-30-108
P-19-100	RP6546
P-20-105	RP6612
P-20-115	RP6731
P-24-105	RP6822
P-30-105	

For Ford design locks using H54 keys (10-cut design)

P-42-190 (formerly RP6106) - 100 springs per pack

For Ford design locks using H75 keys (8-cut design)

RP5055 - 100 springs per pack
