

SAAB LOCKS

General information as follows:

1. Key blank references are for the profile only, using one of the more well-known blank numbers. This list does not include all variations of different head shapes, lengths, or transponders, the main object is to identify which key profile enters the lock.
2. Identify which tumblers and keying kits to use according to the separate chart organized by the key blank numbers.
3. Items marked DWO are discontinued when out. The part numbers are listed for the benefit of those who already have stock.
4. Remember – Driver side is LEFT, Passenger side is RIGHT

Ignition locks

Model	Years	Key	Part description	Part no.	Notes
99	1974-80	X52	Replacement locks available from Saab dealers only Use tumbler series P-28-100/103		
900	1979-94	X52	Coded cylinder	C-28-101 (DWO)	Discontinued when out by ASP, now available from Saab dealers only Use tumbler series P-28-100/103

Important other parts

P-23-241 

Many Saab door and rear compartment locks have the pawl held to the rear of the plug by a plastic retainer which must be destroyed in order to disassemble the lock. Replacement retainers are necessary in order to reassemble the lock. These retainers are available as part no. P-23-241 in packs of 10

SAAB LOCKS

Which tumblers and keying kits to use:

The chart below lists which tumblers and keying kits to use according to which key blank the lock uses. Note some of the original Saab code designations start 0 instead of the traditional 1, as such we have matched our tumbler depth designations to the original Saab designations.

Key Blank	Tumbler	Tumbler	Tumbler	Tumbler	Tumbler	Springs	Keying kits and Notes
B85, B89, B97, B99 Locks made by Lockcraft & Strattec	P-41-161 RP6420 322241 #1 depth	P-41-162 RP6421 322242 #2 depth	P-41-163 RP6422 322243 #3 depth	P-41-164 RP6423 322244 #4 depth		RP6419	A-41-102 keying kit made by ASP (DWO) SK6400 keying kit made by Lockcraft (DWO) Kits are no longer available for purchase. Refill packs will continue to be available.
