

WHITE LOCKS

General information as follows:

Some White models may be listed under Volvo Trucks or Freightliner

Identify the lock you need by the key blank used and the design of lock compared to the illustrations.

Identify which tumblers and keying kits to use according to the separate chart organized by the key blank numbers at the bottom of this section.

For Freightliner / Sterling Cargo models service parts are not currently available.

IGNITION LOCKS

Locks using single sided keys, uncoded plugs available as follows:

(illustration shows keys for reference only, not included with the uncoded plug)

C-43-102 - uses B1 (B&S Groove 1) key

C-43-105 - uses RA4 / 1970AM (B&S Groove 60) key

DOOR LOCKS

If the lock uses B1 (B&S Groove 1) single sided key with shaft:

Shaft 3 inches long from the swivel to the end of the shaft

D-60-102 - single coded lock

DP-60-102 - keyed alike pair

These locks may be disassembled for rekeying without removing a face cap.
